

Ined

Scope of application

Safety / Emergency / Evacuation / Hydrants highlighting / Public lighting

Description

Ined is an emergency kit for LED lighting devices of up to 50W.

Adaptable to the inside or outside mounting to the lighting device, with DC adapter and LEDs supplied at 230 VAC.

Advantages

The emergency kit detects any failure of the normal power supply and begins to generate the voltage required to supply the LED lamps.

Fitting

Metal fitting.

General Information

Voltage: 220-240 VAC / 50 Hz
Operating temperature: -10 / +50
